

Great Lakes JetExpress Set to Launch from YNG to Chicago O'Hare *Youngstown-Warren Regional Airport to Unveil New Logo at Thursday Mixer*

June 22, 2016 (VIENNA, Ohio) — As the Youngstown-Warren Regional Airport (YNG) makes final preparations for the launch of its new daily flight service to Chicago O'Hare International Airport (ORD), it is happy to announce that the newly branded Great Lakes JetExpress operated by Aerodynamics Inc. (pending DOT trademark approval) will be carrying passengers to and from Chicago.

Operated by Aerodynamics Inc. (ADI), Great Lakes JetExpress will fly the 50-seat Embraer ERJ-145 Regional Jet Aircraft, which touts a flawless safety record and FAA Part 121-certified operation. Planes will be stationed and maintained at YNG by Winner Aviation. Great Lakes will operate its own ticketing counter at YNG, and will share a ticketing counter at ORD, says YNG's director of aviation, Dan Dickten.

Ticketing booth signage for Great Lakes JetExpress will be unveiled at the Youngstown/Warren Regional Chamber's After Hours mixer at YNG on Thursday, June 23, from 5:30 to 7:30 p.m.

“Now that ADI has the trademark in place for the airline, everything is coming together nicely for the launch, which is just a week away,” Dickten says. “We're also working diligently with ADI to ensure passengers have a variety of options to book their flight. Direct flights to Chicago can be booked at www.flygreatlakes.com, and passengers looking to book connecting flights to other destinations can do so on third-party sites like Expedia, Hotwire, Justfly, Kayak, Orbitz and Travelocity.”

Passengers can also book connecting flights out of Chicago by calling [\(800\) 433-7300](tel:8004337300), or by planning a trip with their local travel agent's office, he adds. YNG published a how-to guide for purchasing tickets, which is available to download on its website, www.yngairport.com.

Anyone who wants to attend the After Hours mixer can register by contacting

the Regional Chamber's special events coordinator, Amy Young
at amy@regionalchamber.com.

Guests can park in the short-term parking lot. Parking will be validated for
anyone attending the mixer
